VOTE

With a deep sense of pride and commitment, I stand before you to declare my candidacy for the position of Executive Vice President of the Telugu Association of North America (TANA). Our journey together has been marked by shared values, collective achievements, and a vision that spans both in the North America and India. Today, I am excited to present myself as a candidate who is not only deeply rooted in the ethos of TANA from over 2 decades but also brings in a wealth of experience and a vision for our future.

Key accomplishments.

In 2011, I was honored to receive the Best TANA Volunteer Award, a testament to my unwavering dedication to our organization. Over the years, I've been privileged to witness the incredible **impact we can achieve together**.

One significant milestone is reclaiming of TANA Dues, totaling approximately \$300,000, from previously mismanaged funds from the organization and TANA Conference. This financial toughness will ensure our TANA's success and **underscores our dedication to responsible management**.

Recognizing the **importance of accurate and accessible information**, I took the initiative to clean up TANA's database. Furthermore, I championed the **automation of TANA's online financial visibility, enabling transparency and trust among our members**.

Understanding the need for real-time updates, I **implemented automated address updates**, to ensure our member details are current and **provide seamless communication**. I have established the **TANA Parental Network and TANA Matrimony, initiatives that strengthen the bonds within our community**.

These are just a few, **together, we can build a legacy of service, transparency, and community enrichment**. With your continued support, I am excited to lead us into a future where our vision becomes our reality.
